

Reading For Pleasure at Arnesby

We create a culture that develops Reading for Pleasure. Children experience the pleasure that reading brings via many opportunities.

- Each Class has inviting Book Corner areas with quality books to engage emotions.
- Younger classes have a listening centre to listen to their favourite audio stories.
- Story Sacks are used to act out the story using their story teller's voice.
- Daily Story time:
- Daily Independent Reading Sessions.
- Opportunities to talk about their books with their friends and other adults •
- Reading Buddies (Y6 children reading with and listening to EYFS & KS1)
- Visits to the school library.
- Stories in Assembly
- World Book Day events
- Reading days

School library time

All children have the opportunity to visit the library with their class once a week. If they want to go more than once, opportunities are available for them to visit. Children can choose fiction or non-fiction books to take home to share with adults and read together. We have librarians that help support and sort the library and value the books in school.

Promote a love of reading

Adults model a love of reading from a wide range of authors.

Celebrate books throughout the year e.g. World Book Day
